

**MASTER OF ARTS IN EDUCATION, Exercise Science, grades pk-12 with additional certification
in Health, grades pk-12**

(Admission to the MAE Program is a prerequisite for all of the following ED courses and ES 608G)

The following courses must be completed prior to internship:	Credit	Grade	Sem.
ED 601G Measurement & Evaluation (Prerequisite: STAT 190 or equivalent)	3	_____	_____
ED 603G Learning Strategies for Print Discourse (Prerequisite: Minimum grade of C in ED 393)	2	_____	_____
ES 608G Management of Instruction. (Prerequisites: Minimum grade of C in ED 389 and ED 393; Minimum grade of C or concurrent enrollment in ED 593)	3	_____	_____
The following courses are required during internship:			
ED 607G Applied Educational Psychology	3	_____	_____
ED 609G Teaching Internship in Exercise Science (Prerequisites: ED 601G, ED 603G, ES 608G and clearance on criminal record check and child abuse/neglect screening)	8	_____	_____
The following courses are also required:			
ED 605G Psychology of Exceptional Children	3	_____	_____
ES 650G Individual Study in Health and Exercise Science	3	_____	_____
ES 502G Social Problems in Sport and/or ES 503G Exercise and Sport Psychology	3	_____	_____
NOTE: ES 502 and 503 are both required to fulfill certification requirements; students who complete one of these courses at the undergraduate level must take the other course to meet this graduate requirement. If neither course was completed at the undergraduate level, both must be taken as MAE requirements; one will fulfill the graduate elective requirement.			
Select 6 hours from the following:			
ES 501G Advanced Exercise Physiology	3	_____	_____
ES 505G Advanced Biomechanical Analysis	3	_____	_____
ES 506G Advanced Sport Management	3	_____	_____
ES 515G Exercise Testing and Prescription	3	_____	_____
ES 532G Cardiac Pathophysiology	3	_____	_____
ES 545G Exercise Psychology Seminar	3	_____	_____
ES 647G Analysis & Interpretation of Data	3	_____	_____

Students are required to be continuously enrolled in graduate-level or certification courses (as stated on the Individual Plan of Study) at Truman after they complete their internship until and including the semester in which their research and portfolio receive final approval. Final approval occurs during the semester when the completed and signed Report of the Examining Committee form and the Digital Portfolio Approval form have been received in the Graduate Office before the published deadlines for that semester. This enrollment includes spring, fall and the June summer session.

Minimum Hours Required for Degree: 34

MAE candidates are required to take the Subject Area Praxis Series Exam for their specific area of study prior to graduating from Truman. Each student must score at or above the median score on their respective Subject Area exam in order to be recommended for teacher certification and approved for graduation with the MAE Degree. The median score is a norm-referenced score that may vary slightly from year to year; however, students will be required to score at or above the median that is in effect according to ETS' records for the date the test was taken. If the test for a specific area of study changes and score reports are not produced at the time the test is given, the median score reported at the time the score report is produced will be required.

The Praxis is generally taken the semester when enrolled in ES 608G Management of Instruction.

The Praxis test required for the MAE program in Exercise Science is *Physical Education: Content Knowledge*. Truman students complete the courses required for health certification and, therefore, are not required to take the Praxis test for additional certification in Health.
