 <b>The following courses are also required:</b>			
ED 605G Psychology of Exceptional Children	3	_____	_____
ED 681G Research Study in Education	1	_____	_____

*Students are required to be continuously enrolled in graduate-level or certification courses (as stated on the Individual Plan of Study) at Truman after they complete their internship until and including the semester in which their research and portfolio receive final approval. Final approval occurs during the semester when the completed and signed Report of the Examining Committee form and the Digital Portfolio Approval form have been received in the Graduate Office before the published deadlines for that semester. This enrollment includes spring, fall and the June summer session. Students may meet this requirement by repeatedly enrolling in ED 681G for 1 hour of credit.*

To increase the candidate's language proficiency and to deepen the candidate's knowledge of French and Francophone culture and civilization, 12 hours of graduate French course work are required. Candidates are required to take a minimum of six hours in an approved study abroad program. Summer institutes for practicing teachers ideally meet the study abroad requirement. Candidates may also elect to complete all 12 credit hours in a semester-long study abroad program.

The candidate must consult with his or her MAE Advisor when selecting a study abroad program. The candidate should then write a proposal describing the courses to be taken and the rationale for choosing them. During the semester prior to the study abroad program, the candidate must submit this proposal to the French faculty and to the Dean of Graduate Studies for pre-approval.

Candidates who choose the six credit hour option for study abroad may complete the requirement by taking two of the following courses offered on campus:

FREN 521G Seminar in Contemporary French Culture	3	_____	_____
FREN 523G Topics in Literature	3	_____	_____
FREN 530G Advanced Composition and Conversation	3	_____	_____

**Minimum Hours Required for Degree: 35**

MAE candidates are required to take the Subject Area Praxis Series Exam for their specific area of study prior to graduating from Truman. Each student must score at or above the median score on their respective Subject Area exam in order to be recommended for teacher certification and approved for graduation with the MAE Degree. The median score is a norm-referenced score that may vary slightly from year to year; however, students will be required to score at or above the median that is in effect according to ETS' records for the date the test was taken. If the test for a specific area of study changes and score reports are not produced at the time the test is given, the median score reported at the time the score report is produced will be required.

The Praxis is generally taken when the majority of course work has been completed or the semester when enrolled in LLFL 608G Management of Instruction.

The Praxis test required for the MAE program in French is *French: Content Knowledge (contains listening section)*.
