_____	3	_____	_____
_____	3	_____	_____
ED 681G Research Study in Education	1	_____	_____

Students are required to be continuously enrolled in graduate-level or certification courses (as stated on the Individual Plan of Study) at Truman after they complete their internship until and including the semester in which their research and portfolio receive final approval. Final approval occurs during the semester when the completed and signed Report of the Examining Committee form and the Digital Portfolio Approval form have been received in the Graduate Office before the published deadlines for that semester. This enrollment includes spring, fall and the June summer session. Students may meet this requirement by repeatedly enrolling in ED 681G for 1 hour of credit

Minimum Hours Required for Degree: 35

MAE candidates are required to take the Subject Area Praxis Series Exam for their specific area of study prior to graduating from Truman. Each student must score at or above the median score on their respective Subject Area exam in order to be recommended for teacher certification and approved for graduation with the MAE Degree. The median score is a norm-referenced score that may vary slightly from year to year; however, students will be required to score at or above the median that is in effect according to ETS' records for the date the test was taken. If the test for a specific area of study changes and score reports are not produced at the time the test is given, the median score reported at the time the score report is produced will be required.

The Praxis is generally taken when the majority of course work has been completed or the semester when enrolled in SSTE 608G Management of Instruction.

The Praxis test required for the MAE program in Secondary History/Social Science is *Social Studies: Content Knowledge*.
